

Joerns Healthcare is committed to providing a complete line of top quality lifting and repositioning equipment to reduce workplace injury risks and overall facility insurance costs. Our Hoyerpro lifts have been designed to work together to Create a Safer Environment (C.A.S.E) for your staff and patients, while addressing your budget requirements.

The Joerns® Hoyerpro Portable 600 Ceiling Lift has a unique 6-point sling attachment system with auto-leveling side bars that creates the safest, most comfortable portable ceiling lift system on the market. The auto-leveling side bars help to evenly distribute the patient's weight and drastically decrease premature wear of the lifting strap. The "shoulder-width" configuration allows larger patients to be lifted without the usual pinch points or forehead/motor contact associated with traditional portable lifts. An all-metal drive train, extra-wide lifting strap, integrated lift cycle counter and numerous other safety features make the Hoyerpro Portable 600 Ceiling Lift a premier portable lift for healthcare facilities.

Features

- Lifting capacity of 600 lbs
- All-metal drive train
- High-capacity battery system
- True 6-point spreader bar
- Auto leveling sidebars
- Extra-wide, extra-long lifting strap
- Digital weight scale option
- Express connect rapid strap deployment
- Dual on board controls plus separate hand controller
- Visual and audio low-battery indicators
- Integrated lift cycle counter

Specifications

Power Source:	2x12V SLA Batteries, 2.6 AH
Safe Working Load	600 lbs (272 kgs)
Height (excluding sidebars):	11" (28 cm)
Width (excluding sidebars):	7" (17.5 cm)
Length (excluding sidebars):	23" (58.5 cm)
Spreader Bar:	6-point with auto leveling sidebars
Lifting Strap Width:	2" (5 cm)
Lifting Strap Length:	8' (243 cm)
Charger:	120VAC/24VDC CSA/UL Approved
Lifting Motor:	24VDC
Lifting Motor Drive System:	Direct Drive Gear
Overall Weight:	16 lbs (7.2 kg)
Charging:	Separate Charger
Emergency Stop:	Standard
Visual Battery Indicator:	Standard
Audio Low-Battery Indicator:	Standard
Emergency Lowering:	Standard
Slack Strap Detector:	Standard
Anti Free Wheel Safety System:	Standard
Up Limit Switch:	Standard
Down Limit Switch:	Standard
Integrated Cycle Counter:	Standard
Remote Hand Controller:	Standard
Hand Controller Operation:	Electric
Warranty:	1 Year
Digital Weigh Scale:	Optional
Approved:	CSA-Z10535-03

You must use Hoyer® slings with Hoyer lifts.
Specifications may vary due to manufacturing tolerances.
